

Mark R. Scudder, B. S.

Updated January 12, 2016

Work Address

Department of Kinesiology and Community Health
University of Illinois at Urbana-Champaign
316 Louise Freer Hall
906 South Goodwin Avenue
Urbana, IL 61801
Phone: 217-333-3893
Email: mscudde2@illinois.edu
<http://kch.illinois.edu/Research/Labs/neurocognitive-kinesiology/>

Education

2009 – Present	Doctoral Candidate, Department of Kinesiology and Community Health, emphasis in Biobehavioral Kinesiology University of Illinois, Urbana-Champaign, IL Anticipated graduation date: Summer, 2016 Advisor: Charles H. Hillman, Ph.D.
2007 – 2009	Bachelor of Science, Department of Kinesiology and Community Health, University of Illinois at Urbana-Champaign Degree awarded with highest honors.

Professional Experience

Research Experience:

2009 – Present	Doctoral Research Assistant, Neurocognitive Kinesiology Laboratory University of Illinois, Urbana-Champaign, IL Responsible for participant recruitment, data collection, reduction, and analysis including the creation of experimental protocols, implementation of task design, database management, and equipment preparation for multiple studies that examine the relationship between physical activity/fitness and cognitive function using electroencephalography and indirect calorimetry systems. Additional duties include the coordination, training, and supervision of undergraduate and graduate research activities (Laboratory Director: Charles Hillman, Ph.D.).
2008 – 2009	Undergraduate Research Assistant, Neurocognitive Kinesiology Laboratory University of Illinois, Urbana-Champaign, IL Responsible for participant recruitment, data collection, and reduction including the implementation of task design, and equipment preparation for multiple studies involving the relationship between physical activity and

cognitive function using electroencephalography, and indirect calorimetry systems. (Laboratory Director: Charles Hillman, Ph.D.).

Teaching Experience:

Fall 2013 – Present	Social Science of Human Movement (KIN 140) Head Teaching Assistant Responsibilities include overseeing and directing weekly discussion sections, including the modification/updating of class presentation and grading materials. Portions of the main lecture are also periodically taught. Class topics include psychological and sociological concepts related to sport and exercise participation (e.g., gender equality, media, social class, etc.).
Fall 2009 – Spring 2012	Motor Development, Growth & Form (KIN 262) Teaching Assistant Responsibilities included the coordination of multiple discussion sections (~ 100 students), instructing students about concepts surrounding motor development, physical growth, and coordination throughout the lifespan. Major emphasis was placed on the period of birth through adolescence. Additional responsibilities included designing new class assignments centered on student-led research at the UIUC Child Development Lab.
Guest Lectures	Intro to Sport Psychology (KIN 247) – Spring 2011 Title: Measuring the effects of physical activity and fitness on cognitive performance using neuroelectric activity. Psychology of Sport Performance (KIN 447) – Fall 2012 & 2014 Title: Theory of Emotion in Sport

Funded Research Involvement:

FITKids/FITKids2	An afterschool physical activity intervention in children to investigate if improvements in cardiorespiratory fitness lead to better cognitive performance, from both behavioral and neuroelectric perspectives (NIH R01 HD055352, HD069381).
A+PAAC	A cluster randomized controlled physical activity intervention with the goal of determining if physical activity in the 2 nd and 3 rd grade classroom improves childhood health and cognitive/academic performance. In collaboration with the Energy Balance Laboratory at the University of Kansas Medical Center (NIH R01 DK 085317).

Honors

Fall 2013 – Spring 2015	University of Illinois List of Teachers Ranked as Excellent by Their Students (KIN 140).
Fall 2009 – Spring 2012	University of Illinois List of Teachers Ranked as Excellent by Their Students (KIN 262).

2007 – 2009

Dean's List every semester while at the University of Illinois at Urbana-Champaign, in recognition of academic excellence.

Funding

Internal Grants:

1. University of Illinois at Urbana-Champaign, Department of Kinesiology and Community Health Conference Travel Grant, "Increases in children's aerobic capacity over 2 years predict greater improvements in cognitive control", \$100 (funded, Spring 2015).
2. University of Illinois at Urbana-Champaign, Department of Kinesiology and Community Health Conference Travel Grant, "The association between aerobic fitness and language processing in children", \$100 (funded, Fall 2012).
3. University of Illinois at Urbana-Champaign, Graduate College Conference Travel Grant, "A single bout of aerobic exercise improves goal maintenance during a cognitive control task", \$200 (funded, Spring 2011).

Scholarships:

1. Awarded a NIH funded scholarship to attend the 10-day ERP Boot Camp held at the University of California, Davis. The boot camp offers a deep exploration of the ERP technique from many of the top experts in the field (funded, July 2014).

Publications

Peer-Reviewed Journal Articles (*In print or accepted*):

34. Wu, C.-T., Pontifex, M. B., O'Leary, K. C., **Scudder, M. R.**, Raine, L. B., Johnson, C. R., & Hillman, C. H. (2010). Aerobic fitness and intra-individual variability in preadolescent children. *Psychophysiology*, 47, S43.
35. O'Leary, K. C., **Scudder, M. R.**, Brown, M. L., Gilbert, T. R., Flynn, Z. A., Pontifex, M. B., & Hillman, C. H. (2010). The effects of single bouts of aerobic exercise, videogame play, and exergaming on attentional control. *Psychophysiology*, 47, S42.
36. Pontifex, M. B., **Scudder, M. R.**, Brown, M. L., O'Leary, K. C., Wu, C.-T., Themanson, J. R., & Hillman, C. H. (2009). Stabilization of error-related brain activity across the lifespan. *Psychophysiology*, 46, S37.

Presentations & Symposia (*not included in Abstracts*)

1. Johnson, M. B., Fenton, C. I., Drollette, E. S., **Scudder, M. R.**, & Hillman, C. H. (2015). Aerobic fitness is selectively associated with better cognitive performance for task conditions requiring greater demand. *Poster presented at the Annual Kinesiology and Community Health Honors and Awards Ceremony, University of Illinois Champaign-Urbana*.

2. Szabo-Reed, A. N., **Scudder, M. R.**, Ptomey, L., Lambourne, K., Hansen, D., Hillman, C. H., & Donnelly, J. E. (2015). Physical activity across the curriculum (A+PAAC): Baseline cognition in elementary aged children and beyond. *American College of Sport Medicine's 62nd Annual Meeting*.
3. Pindus, D. M., Khan, N. A., Drollette, E. S., Moore, R. D., **Scudder, M. R.**, Raine, L. B., Sherar, L. B., Biddle, S. J. H., Castelli, D. M., & Hillman, C. H. (2014). Physical activity intervention and changes in cognitive control in pre-pubertal children: Does intensity matter? Insights from the FITKids randomized controlled trial. *International Society for Behavioral Nutrition and Physical Activity*.
4. Rodriguez, V., Hagan, H. C., Urban, R. W., Drollette, E. S., Raine, L. B., **Scudder, M. R.**, & Hillman, C. H. (2013). Body mass index is related to academic achievement in preadolescent girls, but not boys. *Poster presented at the Annual Kinesiology and Community Health Honors and Awards Ceremony, University of Illinois Champaign-Urbana*.
5. Dixon, M., Drollette, E. S., Raine, L. B., **Scudder, M. R.**, & Hillman, C. H. (2013). Maintenance of academic achievement during an acute bout of exercise in children. *Poster presented at the Annual Undergraduate Research Symposium and the Annual Kinesiology and Community Health Honors and Awards Ceremony, University of Illinois Champaign-Urbana*.
6. Neufeld, M. W., Chang, M. A., Silverman, E. R., Drollette, E. S., **Scudder, M. R.**, Raine, L. B., & Hillman, C. H. (2013). The effects of physical activity duration and intensity on BMI and fitness in children. *Poster presented at the Annual Kinesiology and Community Health Honors and Awards Ceremony, University of Illinois Champaign-Urbana*.
7. Lamb, E. M. B., Drollette, E. S., Raine, L. B., **Scudder, M. R.**, & Hillman, C. H. (2013). Fitness selectively modulates aspects of academic achievement in children. *Poster presented at the Annual Undergraduate Research Symposium and the Annual Kinesiology and Community Health Honors and Awards Ceremony, University of Illinois Champaign-Urbana*.
8. **Scudder, M. R.**, Raine, L. B., Direito, A., Boyd, J., Federmeier, K. D., & Hillman, C. H. (2011). The relation of aerobic fitness on vocabulary and academic achievement: an event-related brain potential study. *American College of Sport Medicine's Physical Activity, Cognitive Function, and Academic Achievement Conference*.
9. Kamijo, K., Khan, N. A., Pontifex, M. B., **Scudder, M. R.**, Drollette, E. S., Raine, L. B., Evans, E. M., Castelli, D. M., & Hillman, C. H. (2011). The negative relation of adiposity to cognitive health in preadolescent children: perspectives on academic achievement. *American College of Sport Medicine's Physical Activity, Cognitive Function, and Academic Achievement Conference*.
10. Raine, L. B., Kamijo, K., **Scudder, M. R.**, Wu, C.-T., Drollette, E. S., Pontifex, M. B., Castelli, D. M., & Hillman, C. H. (2011). The beneficial effects of an afterschool physical activity program on preadolescent cognition: the FITKids trial. *American College of Sport Medicine's Physical Activity, Cognitive Function, and Academic Achievement Conference*.

Ad-Hoc Journal Reviewer

Games for Health Journal	2014
Journal of Neural Transmission	2015
Journal of Sport and Health Science	2015
Pediatrics	2015
Physiology and Behavior	2012
Scandinavian Journal of Medicine and Science in Sports	2014

Professional Development

2013 – 2015	Bi-monthly Seminar for EEG/ERP Methodology (UIUC, Beckman Institute)
2010	How to win a NIH/Kirschstein/F30-F31 Predoctoral Fellowship Workshop (UIUC)
2010	UIUC Center for Teaching Excellence Development Workshops - <i>Graduate Student Time Management Strategies</i> - <i>Quick and Simple Classroom Assessment Techniques</i> - <i>More Complex Classroom Assessment Techniques</i> - <i>Interpreting ICES Results</i> - <i>Advising and Mentoring Our Students</i>
2009 – 2014	Weekly Seminar for Topics on Brain and Cognition (UIUC, Beckman Institute)

Certifications

2010	UIUC Center for Teaching Excellence, Graduate Teaching Certificate
2007 – Present	Certified in American Red Cross CPR/First Aid

Professional Affiliations

2014	International Society for Behavioral Nutrition and Physical Activity
2011 – Present	Cognitive Neuroscience Society
2010 – Present	American College of Sports Medicine
2009 – Present	Society for Psychophysiological Research

Media Coverage of Research

1. American Kinesiology Association (2014). Reading cognition and fitness are positively linked in kids. *Kinesiology Today*, 7(3), 9.
